- Tax deductible letter & Thank You

SPONSORSHIP

Sponsorships from local businesses and corporate headquarters are the backbone of monetary funding for Mandeville Project Graduation.

Through monetary gifts, MPG rents and pays for the party activities, entertainment, student raffle gifts and door prizes. This money is invested into the event. The Seniors are wowed by the event itself and are given a lasting memory with their Senior class. Parents and the community know that Graduation night is a safe, drug and alcohol-free night for our kids to celebrate their accomplishment. On graduation night, when most extended families are gathered together to celebrate, Emergency Responders don't have to contact that family with heart-breaking news.

Our goal is a safe, fun experience for every family.

Sponsorship not only means monetary donations but also goods and services. Many local sponsors share what they have to create Mandeville Project Graduation. Merchandise and gift-cards support student goodie bags. Food, drinks and sweets prepared and donated keep the kids fueled for all the activities. Each party component needs support through merchandise, goods or services businesses can offer. We are proud to have community involvement, without which, MPG could not happen.
